

Convey™ Information Placard

Versatile Messaging System

exhibiting solutions

Convey™ – Bring Your Message to the Forefront!

Convey your message in style with Convey™ Information Placards. They're a perfect complement to trade show exhibits and can be used as stand-alone kiosks in retail applications, in office lobbies or at special events.

Sturdy, Lightweight Design

Convey assembles with ease and, even though it has a small footprint, is very sturdy. A single unit weighs just 20 lbs. (9 kg).

Branded Profile Graphics

Convey represents your brand with custom graphics that can be profiled in a variety of shapes. Panel easily attach with magnet.

Accessories Add Function

Easy-to-install accessories include digital picture display, literature pocket, acrylic page holder and board graphic.

Packs Small

Convey units easily pack within your exhibit crates or pack on their own in smaller cases.

Create the look that fits your brand with custom Skyline graphics. Convey™ accessories are great for presentations and for making literature and information accessible.

Convey is available in concave or convex designs and with silver or black frame.

Bring your message to the aisle. Convey is a great way to attract attention and get your message in front of attendees at trade shows.
